Frequently Asked Questions

Who is Global Study Connections?

Global Study Connections (GSC) is an international educational service company dedicated to providing comprehensive services to schools, host families, students and overseas partners in the placement and care of international students. With local support and a close working relationship with our partnering schools we have the resources to make hosting a student comfortable, safe and rewarding. GSC recruits, manages and provides support to schools, students and host families to ensure a rewarding experience for students and the host family.

Who Can Host?

Homestay Families provide our international students a wide range of landscapes, climates, activities, and lifestyles. Homestay Families are also flexible and open-minded, are age 24 or older, come in all sizes and represent the diversity of American culture. Our families are of varied economic, religious and racial backgrounds. The best hosts are those who enjoy meeting new people and who can spend time with their student on a daily basis.

Will a Background Check be Required?

Yes. By law, it is required that we perform a background check on each person over the age of 18 who resides in your home.

Will I Have to Provide a State Issued ID and Proof of Auto Insurance?

Yes. By law, it is required that all household members over the age of 18 provide a state issued valid driver license or identification card, as well as proof of insurance for all vehicles in the home.

How Long Does a Student Stay?

All students attend for a full academic school year, which is 10 months, generally August thru May. However, some students arrive in January for the spring semester. Most students go home during their 2-week Christmas break and all students return home for 2 months during June and July.

What Kind of Visa do the Students Receive?

The students receive an F-1 student visa. The school where a student will attend issues an I-20 Form (also known as the Certificate of Eligibility for Nonimmigrant Student Status-For Academic and Language Students). This is the form that states the name of the school that they will be attending and how long their stay in the U.S. will be.

What are My Primary Responsibilities as a Host Family?

- Providing your host student with a safe, supportive, and loving home for the academic year

- Welcoming your host student as a member of the family and encouraging students to participate in all aspects of family life
- Providing your host student with his/her own private bedroom, a desk, dresser, closet, chair and adequate lighting and a quiet place to study
- Providing your host student with all meals (except school lunches, if provided by the school)
- Providing transportation to and from school and all school-related activities
- Provide wireless internet connection
- English must be the primary language spoken in the home
- Encouraging the exchange of ideas and providing students with exposure to the cultural and social environment of the home and neighborhood
- Providing the love and understanding a young person needs to enjoy a successful academic year in America

Does the Student Have Medical Insurance?

Yes, students have medical and accident insurance through GSC or the school they attend. Students and host families will receive an insurance card when they arrive in the U.S.

Will My Student Come with His/Her Own Spending Money?

Yes, students are expected to have their own spending money for personal expenses (toiletries, extracurricular school activities not included in the tuition, clothes, entertainment).

Can I Specify a Preferred Gender?

Absolutely, your home is your personal space and comfort zone. We want both you and our guests comfortable. Hosts who are comfortable accommodating more than one student, may enjoy the companionship students provide for each other. You can also specify this on the application so our Homestay Coordinator will take it into consideration when searching for placement of students.

How Many Students Am I Allowed to Host at the Same Time?

We do not recommend more than two students of the same gender in a home, and both students must have their own private bedroom, access to a bathroom, and a quiet place to study.

Do I Get Paid to be a Host Family?

Yes, you do. A monthly stipend is paid to each family for 10 months; August/September thru May/June. Your Homestay Coordinator will let you know the amount allotted in your specific region. The bedroom must be furnished with a bed, dresser, chair, desk and lamp, and the student must have access to a bathroom. You must be responsible for providing 3 meals daily, seven days a week (except on school days, if the school provides lunch as part of their tuition package). Additionally, the stipend will include transportation upon their arrival and departure to and from the airport as well as when they leave at Christmas or spring break. Transportation to and from school daily and to all school-related activities are the responsibility of the host family. Normal shopping needs just like any member of your family, are included in your monthly stipend.

How Do I Get Paid?

You will receive your monthly stipend by paper check or direct deposit on or before the 15th day of each month. The first and last month that the student is in your home, your stipend will be pro-rated.

Will Taxes be Deducted from my Stipend?

No. Monthly stipends are non-employment income and Twinn Palms will issue a 1099 miscellaneous income statement to all Twinn Palms host families at the end of the year. While we are not tax specialists, we recommend that you keep detailed records and receipts of all expenses associated with the care of your student so that your tax preparer can take advantage of any applicable deductions.

Do I Get Someone to Come and Visit My Home?

Yes. Your Homestay Coordinator will do the first visit during the vetting process, and periodic visits during the school year; both at convenient times for all concerned.

How will my student get to and from school?

You are responsible for providing transportation to and from school. Your student may take the school bus or be driven to school by a family member or a friend with a driver's license. Students who live close to school may walk or ride a bike. Some schools have school buses and, of course, students may take this form of transportation to and from school.

Are Students Allowed to Drive?

Students are not permitted to drive any motor vehicle (including motorcycles, mopeds, ATVs, and cars) except during the course of school-sponsored education class. Students may enroll in a school-sponsored driver education class if their natural parents permit it. GSC does not guarantee any student that he or she will have the opportunity to get a driver's license. Host families may not permit their students to drive their car for any reason; if a student is taking a driving course, he or she must drive in the school's designated vehicle with a certified instructor. Students may need to purchase additional insurance depending on the course.

Note: It is becoming increasingly difficult in most states for international students to obtain a driver's license. Check with the Department of Motor Vehicles in your state for the official regulations. Students will incur all cost.

When Can I Expect my Student to Arrive?

Students arrive in August for fall placements and in January for spring placements. Host families and Homestay Coordinators will receive detailed flight information as soon as it is available, usually in the months of June or July, and November or December, respectively.

When Does My Student Have to Leave?

Students may have open-ended return tickets. They book their own flights home with guidance from their parents, host families, and/or their Homestay Coordinator. The program ends on the last day of school, and with permission from their host family, students may stay up to one week past the last day of school. GSC encourages host families and students to discuss return flights well in advance of the end of school to ensure that the Travel Permission Form is properly filled out and approved by the natural parents and that everyone feels comfortable with the selected departure date. Student visas expire every 12 months at which time they must be renewed in their home country.

What Do I Do when the Student Arrives?

To a student, first impression is very important; therefore, we highly recommend that you take the time out of your busy schedule to show your new student around your neighborhood. Some students would also like to open a bank account at a bank branch nearby or get to know how to do their basic shopping. As host, you also need to show your student around your home and let them know how to use your kitchen equipment, laundry machines, and give them tips on how to stay safe in and outside your home and what to do in case of any emergency. Students normally get very busy later when they start school, so the first week is a great time to bond and to get to know each other.

Does the Host Family have Legal Guardianship of the Student?

In most cases the student's parents will assign the GSC the authority and responsibility to care for their child, and to manage the child's education and living arrangements while in the U.S. This guardianship over the minor gives GSC the same rights of a parent to a child. The Host Family Agreement document will be fully signed and will be given to the host family prior to the student's arrival.

Will an Agreement be Drafted Between GSC and the Host Family?

Yes. GSC will provide each host family with a Host Family Agreement which details the relationship, expectations and responsibilities of all parties and must be signed by all family members over 18 years of age during the application process.

Will I, as the Host Family, be in Contact with My Homestay Coordinator Throughout the Year?

Yes, your Homestay Coordinator is required by GSC to be in monthly contact with you and your student. Your Homestay Coordinator is also required to submit regular reports on each student s/he is supervising. Homestay Coordinators are required to visit with your student(s) in person the first month and continue to contact the student on a regular basis. Your Homestay Coordinator is also required to contact you on an every other month basis and visit your home at least once per semester after your student has arrived. Your Homestay Coordinator will help support you with any questions or adjustment issues that you may have throughout the year. Many Homestay Coordinators also set up student and host family events throughout the year in order to stay in touch. GSC encourages you to reach out to your Homestay Coordinator between monthly contacts if you have any issues, big or small.

What If I Can't Reach My Homestay Coordinator?

If for any reason you cannot reach your Homestay Coordinator or don't feel comfortable discussing a particular concern with him or her, you can always call GSC's national office. GSC has a comprehensive support team in place who are available at any time to assist you with any concerns or questions you may have. GSC also will have a 24/7 emergency hotline that host families may call after business hours.

What Happens if the Placement Doesn't Work Out?

Your Homestay Coordinator will work with you and your student to resolve any adjustment issues that your family or student may be experiencing. Our experience shows that most "problems" are a result of miscommunications, unrealistic expectations, or cultural misunderstandings. The majority of the time, misunderstandings can be resolved through mediation and open communication. Your Homestay Coordinator will conduct mediation and counseling with your family and your student as soon as an issue arises. If, after mediation and counseling, it is determined that the issues cannot be resolved, your Homestay Coordinator will place the student with another host family (within the same school district whenever possible). A student may not change families without approval from their Homestay Coordinator, as any new host family must be fully screened and vetted in compliance with GSC program regulations.

What Happens if My Student has Behavioral or Academic Problems During His/Her Stay in My Home?

Students are required to sign an agreement to abide by all GSC program rules before they arrive. If any problem should arise, the Homestay Coordinator will step in and work with the student and family to determine what action is necessary. If a student is not following rules or struggling academically, your Homestay Coordinator will address the issue with the student and may schedule a mediation/communication session to discuss the behavior and identify

concrete ways to remedy the issue. When appropriate, the Homestay Coordinator will contact the National Office who in turn will contact the biological parents. Students are well informed of GSC and school rules and are expected to abide by the program rules at all times.

Program Rules

Student Rules

It is the responsibility of each GSC student to know and abide by the program rules. Students are required to read and sign off on the Homestay Guidelines and Rules prior to their arrival in the U.S. The rules are discussed at length at their home country pre-departure orientation and reviewed again when they arrive in the U.S.. GSC encourages all of our host families to become familiar with the rules and review them with their student, again, upon his/her arrival to the community.

Rules listed in bold are zero tolerance rules and will result in immediate disqualification from the program and/or from the school.
